

COMMITTEE OF SUPPORT

TO

ELODIE LAMBINET

(Eleventh Petition in March, 11th,2010)

Elodie LAMBINET is nearly 15 years old today (July 2010). No telephone communication with her Dad **since January 17th, 2008 !**

Since the Tenth Petition **on November 2nd, 2009**, the Crown Court of Nanterre (92) (FRANCE) has taken **a new decision on February 11th,2010** : “ *abeyance of meetings to the Relay Children/Parents of Montrouge (92) (FRANCE) until January 2012* ”... (*op.cit*).

So, after 1 hour of meeting every quarter, making it 4 hours of meetings per year, now nothing anymore!

The French Justice “ put up the umbrellas “ ... because it does not know anymore how to get out of this fix, and under the pretext that **Elodie LAMBINET** does not want to see her Dad (yet that she did only see him 4 hours per year along with “ Psys “...!), and without any communication between her and her Dad since January 17th,2008...

Bravo to the French Justice and to the Relay Children/Parents and to the O.S.E. ...!

And “**They**” would want us to work and bring “our Knowledge” to France... (?)

Thanks a million to the Elect who have agreed and have had the courage to sign this 11th Petition, which the list attached.

While some are in their “ Ivory Towers “ and their “ own world “, others are deep in reality and on the field : latter see the events coming ineluctably !

Sincerely yours,

On March, 13th, 2010
