

**COMMITTEE OF SUPPORT
TO
ELODIE LAMBINET**

(Twelfth Petition on April, 29th, 2010,)

Elodie LAMBINET does still not communicate with her Papa today, and **since January, 17th, 2008 !**

Since the Eleventh Petition **on March, 11th, 2010, NO NEWS**. After two phone call attempts, on the line, a laconic answer of a member of the mother's family : **Elodie is not here! (?)...!**

Contacts have been taken here or there, well, we will see...

But, of course, we keep informing through different ways, not in the Press because they "do not want it", and we will remember when the time comes.

It is obvious that the topic subject does embarrass and no-one gives a d... !

That's all for the moment, and we wish to thank the **Elected representatives** who have had the guts to sign the Twelfth Petition **on April, 29th, 2010**.

Being convinced that it is from the "base" that the things will move on and not "from the top " as the Readers can notice, the ineluctable event that we spoke about on March, 13th, 2010, appears progressively : it is not over!

Sincerely yours,

On April, 30th, 2010
