

THE LETTER OF THE SUPPORT COMITEE
to
Elodie LAMBINET

First, **THANKS** to all of the signatories of the petition, to all those who have help us and who still help us.

One year has past since the decision was taken, with the father's agrement, Mister **Marc LAMBINET**, to create the Support Comitee to **Elodie LAMBINET**. The goal was to make known this case to the large public and to establish his participation to allow **Elodie** to meet her father and speak with him on telephone, often.

We collected more than **10 000 signings** on the field-work until the end of **May 2009**.

We have been published in newspapers (Sud-Ouest Béarn, The République of Pyrénées of Oloron Sainte-Marie and Haut-Béarn, Radio Oloron), but nothing on the region and national (the doors are schut), and nobody wants to take the responsability of publishing face to the politics of the country. And today?

Elodie could see her father 1 week-end on 2, the half at small holiday and at the great. All was perfect. **Elodie** was happy and her father too, and came the **22 june 2006** :

Elodie disappeared during 02 months, kidnapped by OSE (Oeuvres de Secours aux Enfants, 117, rue du Faubourg du Temple 75010 Paris, Tel. :01 53 38 20 20). This organization is ordered by TGI of Nanterre (92), Tel. : 01 40 97 10 10.

Nobody will know where **Elodie** was !? What happened during those 2 months ? Where was she ? What did she support ? And why ? All those questions have no answers !

Contacts have been taken with :

NOTHING !! QUID ??

Elodie LAMBINET is Canadian, also, and yet, Sir **The Canadian Ambassador**, can't obtain a meeting with **Elodie**, QUID ??, What does he do ??
Is that The French Justice ?, Is that The French Democracy ?, Is that The Human Rights Country ?.

We all know that is a highly politic affair. **Marc LAMBINET** is ” the authentic owner of concepts in economy desire in the highest political authorities and by the economical world”¹, as **the Occupational Integration in Network System**², The economical Forecasts³,...etc.

We don't know where is **Elodie LAMBINET** (the French Justice blamed the father for not giving the sites of the holidays, as we can notice it, that is everything in sense and nothing in the other one. Miss does what she wants without problems when the father always has the joint authority). Now, **Elodie LAMBINET** has a French passport since **July 2008** then that she can't leave the country without the write agreement on both sides !

How and Why this passport by the French Authorities ? Quid ?

Thanks sincerely for your support and we ask to speak of around you. You can to bring your support writing some words to **Elodie**, on :

<http://www.google.fr/>

and : “ **elodie lambinet**, forum of petitions “

Our fight continues, it is no finished. We are going to set up the other strategies because the traditional ways do not work any more in this country. Sooner or later, we succeed in doing to know this item which will bring the veritable numerous problems of coordination to light. And especially, for both, implicating near or by far in this file, of which we have indicate names, we shall not forget you... as in Quebec, Province of Canada where the slogan is “ **I remember** “...
