

THE WORD OF THE SUPPORT COMMITTEE HAS ELODIE LAMBINET FOR YEAR 2013

It was asked to me to draft "**The word of the Support committee to Elodie LAMBINET for Year 2013**", what I'm doing with pleasure.

No change during this year of 2013, thus no contact with my daughter **Elodie LAMBINET**, either "personally", or by mail, or by telephone : **NOTHING !**

In July 2013, **Elodie LAMBINET** became "**an adult**" and the French Justice sent me by mail of July 11th, 2013 a Judgment of the TGI of Nanterre (92), - France - specifying that for their part the file "**was closed**". Here is how we get rid of an annoying file ... So, "all's well that ends well". And no more contact with my daughter **Elodie LAMBINET**, since January 17th, 2008 until this day.

And in the meantime, the Life continues and everybody moves towards quietly the pension without having solved the real problems: it is " the headlong rush ".

Everywhere, that of dysfunctions, incoherence, injustices, and it are the ones who exactly point out it who are the authors. "They" manage strictly nothing more, everything escapes them but "they" continue relentlessly ... When will people wake up ? That of incompetences when it is not the corruption or both together ! And "They" speak about "gathering", and " patali " and " patala ".

Here we are, a pitiful affair, one more, and a new Year of 2014 opens where NO problem is solved : but what do they make ?

Happy New Year on 2014, particularly for **Elodie** if she reads these few lines ...

Made in Europe, January 07th, 2014.

Dr. Marc LAMBINET, Ph.D

All his activities are "opaque" according to the French Justice ! (op.cit).
